

Lighting to look at and lighting to see by...

Peachtree
LIGHTING

The challenge is to create a visual design element that has the right scale and presence and yet does not overly celebrate its inclusion within the space.

#P-G5-CTU-942-C
See Catalog page A-100

The combinations of: texture, size, mounting and colors are virtually limitless!

Another bright idea by...

Did you ever find the need for an up and down light cylinder but the only way to accomplish the desired effect was to suspend it with a PENDANT MOUNT?

#PCT-KP-9242-CSH
See Catalog page A-156-2

The combinations of: texture, size, mounting and colors are virtually limitless!
